

Advent II 2012: Discussion/Reflection Questions

Luke 3:1-6

- Where do you experience conflicts between our Advent goal of slowing down (or quieting ourselves to hear God more clearly) and the fast pace of the holiday season?
- What do you think about the requirement that some workers work on Thanksgiving (or Christmas, for that matter)? If you yourself were or will be impacted, how did/do you feel?
- What are some non-commercialized ways in which you can show appreciation and love to your family and friends this Advent season?
- How can you be the light of Christ this Advent?
- What is one thing you can do this week to alleviate suffering for someone else?
