

Plant a garden....grow a church!

To all clergy, lay delegates and guests to the 2015 Annual Diocesan Convention

Deacon Wanda Kloza of the Diocesan Feed My Sheep Ministry has been working with Father Josh Shipman and the Advisory Board of St. Luke's Altoona to develop a "Community Garden" across the street from the church. Please consider bringing a gardening item to convention to donate to the cause. Items will be placed in a basket and blessed by Bishop Scanlan during the Saturday morning service. Items may be brought to the church Saturday morning or dropped off at the Feed My Sheep Ministry table at the Blair County Convention Center (lobby).

THANK YOU!

Below is a list of items that might be helpful.

***Come to convention with mission and ministry of heart and help us help St. Luke's grow!***

- garden gloves (child and adult sized)
- child sized gardening tools
- watering can (2 gallon with removable sprinkle cap) and child sized too
- potting soil/garden soil
