

November, 2015

Dear Friends and Family:

Since 1927, the Episcopal Home has been an important ministry of the Diocese of Central Pennsylvania. Our mission is to provide quality personal care and service to our residents, their families, and the community. Our unsurpassed care staff and familial relationships with residents imbue the Home with the intangible joys that make our facility a place of tranquility and trust.

In 1951, the Diocesan Convention affirmed that, "All Parishes and Missions of the Diocese of Harrisburg are urged to make an offering every year on or near Thanksgiving Day for the Home." This important giving event enables us to keep our residents in a warm, safe environment where they receive the care they need and are able to maintain a lifestyle they love.

Consider the needs of the residents at the Episcopal Home this Thanksgiving. On this joyous holiday and throughout the year, they will be surrounded with compassionate people that strive to keep them comfortable, secure, and happy.

Send your gifts to The Episcopal Home, 206 East Burd Street, Shippensburg, PA 17257. Come visit the Home to see the profound positive impact your contributions have in achieving our unique mission. All proceeds will go toward our operations fund to help our residents remain in the facility they call home.

Sincerely,

Mary Grace Shearer, MSW  
Administrator

In addition to monetary considerations, the Home would greatly appreciate the donation of items used frequently by our residents.
