

Evangelism

The Committee meets monthly and will soon present a webpage of resources and ideas (<https://diocesecpa.org/evangelism/>). In the next year we will be supplementing it with short videos from clergy and laity, who will share some of their specific practices and innovations. The page will go live after convention.

When the threat of COVID abates (probably late next spring), we will invite Jerusalem Greer to host a day-long evangelism event. Jerusalem is the key evangelism office for the national church and a superb leader of workshops.
